

Peace of Mind for Complex Lives

June 28, 2011

Dolores Smerkers, President
Broward County Guardianship Association
P.O. Box 15127
Plantation, FL 33318-5127

Dear Dolores,

Over 60 individuals attended the Game of Life event on June 16, 2011 hosted by Forest Trace. CareSource recognized your company in all printed materials, as well as our website, e-newsletter, FaceBook and Twitter. Thanks to your generous tax-deductible support of \$400 as sponsor of the photographer, we raised \$4,500 to help serve our vulnerable clients.

One of our success stories is LT who was homeless and living on the streets of Broward County when CareSource was approached to assist her. LT suffers from mental illness and had been estranged from her family for years. Since our intervention, LT is safely living in a supportive assistive living facility, has visited her children, acquired a cell phone and attends church regularly on Sundays.

CareSource's mission is **to support vulnerable individuals who need help with life management due to age, disability or family circumstance**. CareSource provides highly individualized direct services, information, education, and resources for the care and support of our frail elderly, mentally ill, disabled or at-risk residents in Broward, Miami-Dade and Palm Beach Counties, regardless of age or ability to pay. Over the years, CareSource has rescued susceptible individuals from financial exploitation, restored institutionalized persons to independent lifestyles and reconnected isolated persons with long lost family and friends. Many of our clients have little or no income to pay for personal care items or clothing. Your support allows us to improve our clients' quality of life in a very meaningful and personal manner.

Feel free to contact Paula Taylor at 954.720.2485 extension 229 or email me her at PTaylor@CareSourceFL.org if you have any questions.

On behalf of our staff, board, volunteers and the vulnerable people we serve we thank you for your generous support.

Sincerely,

Knyvett Lee
